

DIY PROJECT GUIDE

HOLIDAY CENTERPIECE

HOMEDEPOT.COM/DIY
WWW.HOMEDEPOT.COM/DIYHOLIDAYCENTERPIECE

Duration: 30 Minutes
 Difficulty: Easy
 Estimated project cost \$13

MATERIALS

- 1 – 1" x 6" x 8' Common Board
- 1 – Box 18 Gauge x 2" Brad Nail

OPTIONAL MATERIALS

- Paint or Stain
- Holiday Greenery, Plants, Ornaments, Candles

TOOLS

- Circular Saw
- Brad Nailer
- Measuring Tape or Carpenters Square
- Pencil
- Safety Goggles
- Sanding Block

1 MEASURE AND MARK

On the 1" x 6" x 8' common board, measure and mark three (3) 24" segments and two (2) 4 3/4" ends. Reference cut list diagram.

2 CUT THE BOARD

Using a circular saw make your cuts. **TIP:** Smooth any rough ends with sandpaper or sander.

3 ASSEMBLE BOARDS

(A) Stand (1) 24" wall segment perpendicular and flush along the long edge of another 24" base segment. Using an 18-gauge brad nailer and 2" brad nails, nail through the outside of the wall segment into base segment with several nails along the length of the wall segment. Repeat on other side.

(B) Place one of the 4 3/4" end segments between the two walls and on top of the base. Using the 2" brad nails, nail through the wall segments into the end segments on both sides of each end. Turn box over and nail through the base into the wall and end segments to secure.

4 PAINT OR STAIN AND FINISH (OPTIONAL)
